

iPad Gripcase Trolley

Designed specially for iPads and tablets in large bumper style cases

The zioxi iPad Gripcase Trolleys and Cupboards provide the ability to charge & store 15 or 30 iPads and tablet computers in extra large cases - with cables presented and retained at the front of each shelf and all in a very compact, easily moved and unobtrusive unit.

Key features:

- Charging using the manufacturer supplied AC adapters or the **zioxi** sync module, all stored in a separate secured electrical compartment
- Cable management with only a short length of retained USB cable at the front - so cables are all neat & tidy, very simple to connect and can't go missing
- Choice of digital code or key locks
- Design & construction supports wireless device sync
- Doors fold back 270 degrees and retained by magnetic latches
- Handle cut outs to help you steer, lockable doors and lockable castors
- Large shelf size to accommodate oversize cases including Gripcase, Big Grips, GoNow and Evecase - but if you're not sure, please just ask us.
- Available as a compact trolley or cupboard and in charge & sync or charge only variants

iPad Gripcase Trolley

Shelf dimensions:

The **zioxi** Gripcase trolleys and cupboards are designed to accommodate iPads & tablets in Gripcase, Evecase, Big Grips and other large frame cases. The shelf slot size (mm) is 342d x 278w x 45h. Please check your case dimensions with the power cable inserted prior to ordering.

Finish	Melamine-faced MDF carcass and doors in white. Compact laminate top for trolleys.
Power	<p>Charge only products require user supplied mains power adapters. <i>(We recommend the use of manufacturer supplied adapters to ensure safe delivery of the correct current).</i></p> <p><i>The orientation and size of AC adapters (plug tops) for Android tablets varies significantly. All adapters other than those with a sideways exit of the USB cable from the adapter will fit in our standard trolleys and cupboards. We have solutions for all adapter designs, so please contact us if you'd like to check suitability.</i></p> <p>Charge & Sync products require only the USB cables supplied with the tablet. The USB cable for connecting your host computer (eg. laptop) to the charge & sync module is supplied.</p> <p>Solutions which include integrated USB power available on request.</p> <p><i>Requires 1 power socket. Individual iPad & tablet USB cables are required but not included. UK and EU AC adapters supported, others by request. Our iPad and Tablet trolleys are not suitable for devices with laptop brick style AC adapters - please see our Chromebook & Laptop Trolleys.</i></p>
Warranty	5 years (2 years for electrics)
